NOTICE TO USERS:
You are accessing a U.S. Government information system, which includes: 1) this computer, 2) this computer network, 3) all Government-furnished computers connected to this network, and 4) all Government-furnished devices and storage media attached to this network or to a computer on this network. You understand and consent to the following: you may access this information system for authorized use only; unauthorized use of the system is prohibited and subject to criminal and civil penalties; you have no reasonable expectation of privacy regarding any communication or data transiting or stored on this information system at any time and for any lawful Government purpose, the Government may monitor, intercept, audit, and search and seize any communication or data transiting or stored on this information system; and any communications or data transiting or stored on this information system may be disclosed or used for any lawful Government purpose. This information system may contain Controlled Unclassified Information (CUI) that is subject to safeguarding or dissemination controls in accordance with law, regulation, or Government-wide policy. Accessing and using this system indicates your understanding of this warning. NTIA employees and contractors are reminded that all official NTIA email communications must be made using their assigned NTIA email account. Use of personal e-mail accounts for official communications is prohibited.

New users need to click on the 'registration and login instructions' link

Below shown 'New User Instructional' page appears

Step 1: Complete the SAAR form (This must be done first)

New User Instructional Page

New User Access Instructions

Before signing in for the first time, complete the required setup steps below. Start by submitting the SAAR form to request access.

Complete the SAAR Form

1 Download, complete, and submit the SAAR form to request access. Once your submission is approved, you'll get a confirmation email and then you can complete step 2.

 SAAR form

Download Setup Guide

2 Follow the guide for step-by-step instructions on creating your login.gov account and signing in.

 Setup guide

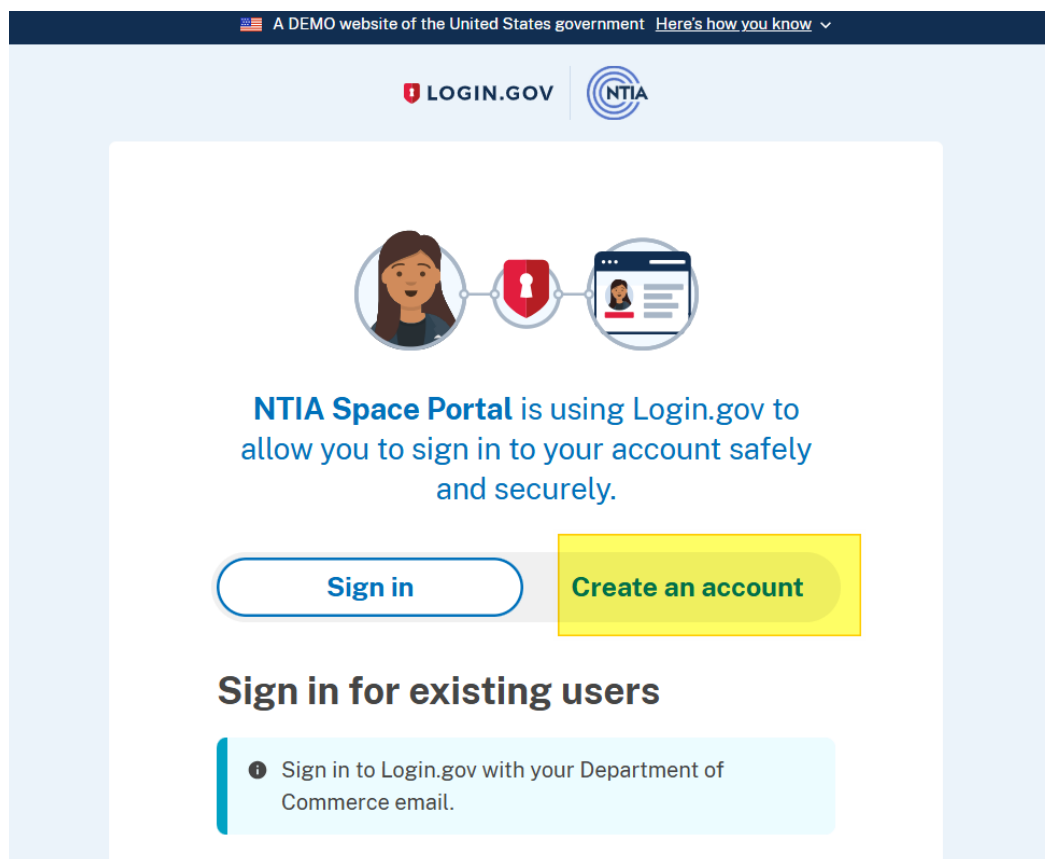

- a) Fill in the SAAR form and obtain permission to use the portal. Please note that the completed form needs to be sent to the NTIA POC indicated below #17 in the SAAR form and wait for the approval/permission to use the portal/before signing up as a new user.
- b) **STOP here if you have not completed step 1(a)** because SAAR form completion and obtaining the permission to use the portal is '**mandatory**' before creating the new user account on login.gov

Step 2: Download Setup Guide and follow the instructions mentioned for the New User Account creation (as indicated below)

- Download the Setup guide and keep it handy to follow for the purpose of signing up as new user.
- Navigate back to the portal(<https://www.slfcg.ntia.gov>) and you should see the screen like this:

- Click on **Sign in with Login.gov** and you will be redirected to Login.gov page as shown below:

Click **Create an account**

Create a Login.gov account using your Department of Commerce email.

NTIA Space Portal is using Login.gov to allow you to sign in to your account safely and securely.

A screen will appear indicating that a verification email has been sent

Check your email

We sent an email to youremail@yourdomain.com with a link to confirm your email address. Follow the link to continue creating your account.

You can close this window if you're done.

Having trouble? Here's what you can do:

[Resend the confirmation email](#) >

[Use a different email address](#) >

Check your email. Please pay attention to the information on the screen below as there are some 'Do's and some 'Don'ts'

Confirm your email

Thanks for submitting your email address. Please click the link below or copy and paste the entire link into your browser. This link will expire in 24 hours.

Confirm email address

[https://idp.int.identitysandbox.gov/sign_up/email/confirm?
_request_id=ae0a1d21-c668-40c3-913f-
0768e04d7350&confirmation_token=vk_E5w2q7BCRwr-5DRzj](https://idp.int.identitysandbox.gov/sign_up/email/confirm?_request_id=ae0a1d21-c668-40c3-913f-0768e04d7350&confirmation_token=vk_E5w2q7BCRwr-5DRzj)

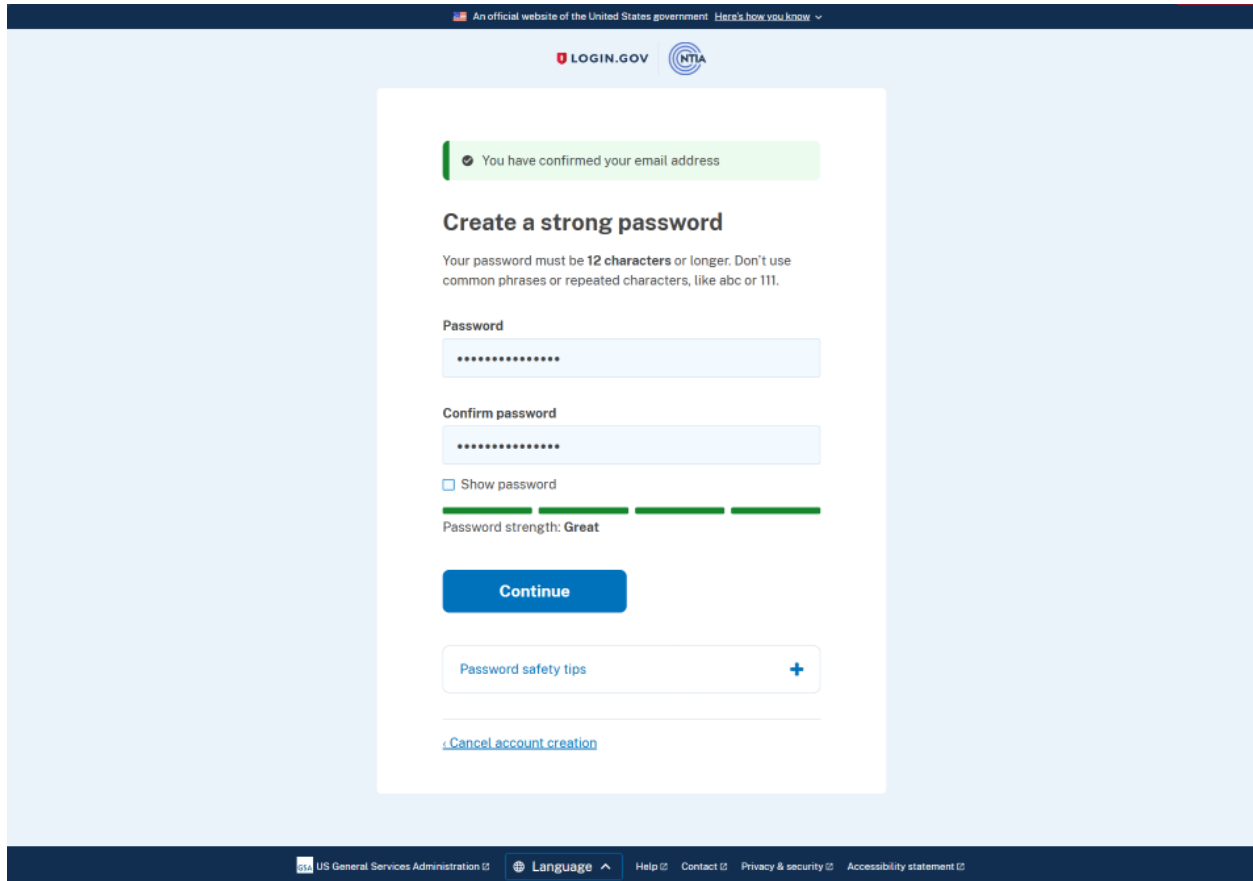

DO NOT click the button to confirm. Copy the above link and paste it in the same browser tab that you tried to sign up. This is very important !

Please do not reply to this message. If you need help, visit login.gov/help/

In the verification email, please **'DO NOT'** click confirm address email button but you need to copy the link indicated right below the 'confirm email address button'

Paste the link that you copied in the same tab in the browser where you have tried to sign up and do not use any other tabs of the browser. **It is important to use the same exact browser tab**

When you copy/paste the link successfully and hit enter, you will see the below screen

The screenshot shows the LOGIN.GOV website interface. At the top, there is a dark blue header with the text "An official website of the United States government" and a link "Here's how you know". Below the header, the "LOGIN.GOV" logo and the "NTIA" logo are visible. The main content area is a white card with a green success message: "You have confirmed your email address". Below this, the heading "Create a strong password" is displayed, followed by instructions: "Your password must be 12 characters or longer. Don't use common phrases or repeated characters, like abc or 111." There are two input fields for "Password" and "Confirm password", both containing masked characters. Below these fields is a checkbox labeled "Show password" which is currently unchecked. A green progress bar indicates the password strength as "Great". A blue "Continue" button is positioned below the progress bar. At the bottom of the card, there is a link "Password safety tips" with a plus icon, and a link "Cancel account creation" at the very bottom. The footer of the page contains the "US General Services Administration" logo, a "Language" dropdown menu, and links for "Help", "Contact", "Privacy & security", and "Accessibility statement".

Create a strong password and hit continue

Authentication method setup

Add an additional layer of protection to your Login.gov account by selecting a multi-factor authentication method.

We recommend you select at least two different options in case you lose one of your methods.

Face or touch unlock

Use your face or fingerprint to access your account without a one-time code.

Authentication application

Download or use an authentication app of your choice to generate secure codes.

Text or voice message

Receive a secure code by (SMS) text or phone call.

Security key

Connect your physical security key to your device. You won't need to enter a code.

Government employee ID

PIV/CAC cards for government and military employees. Desktop only.

Backup codes

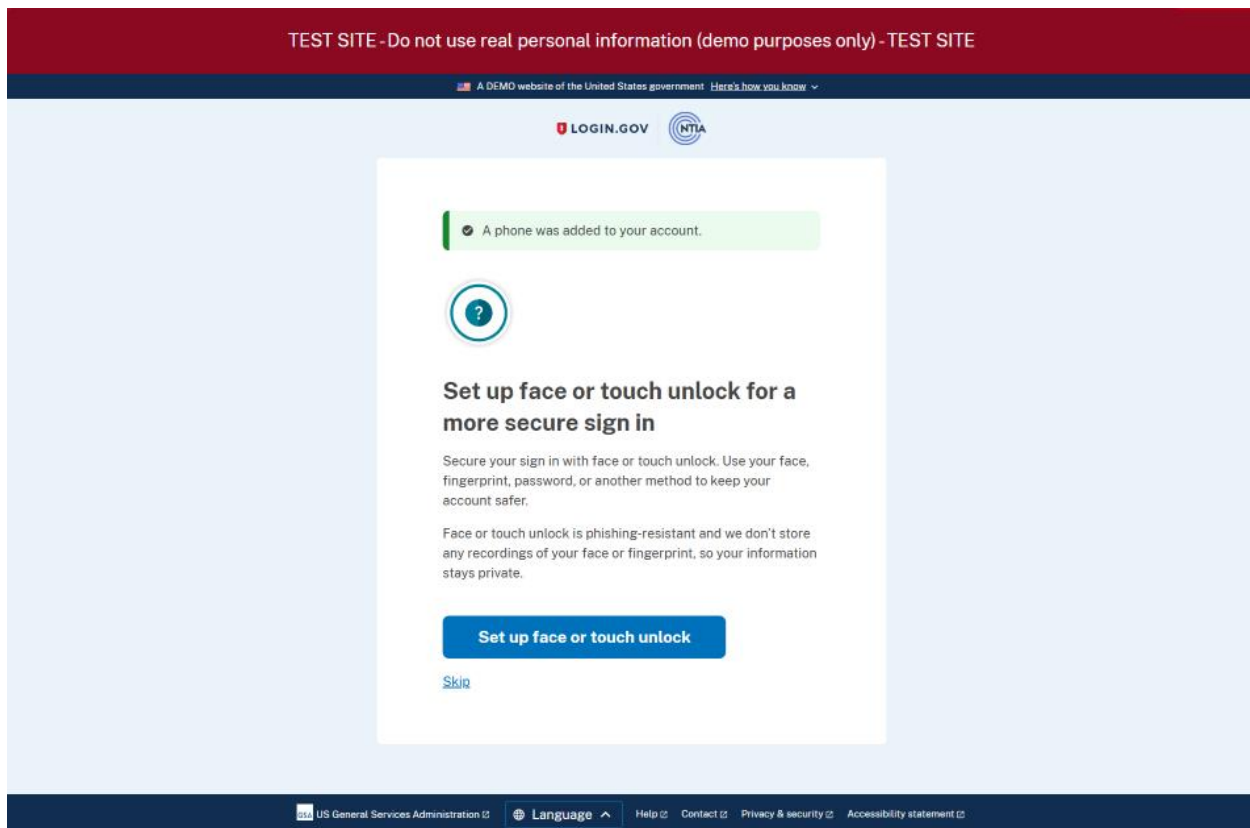

A list of ten codes you can print or save to your device. Because backup codes are easy to lose, choose this option only as a last resort.

Continue

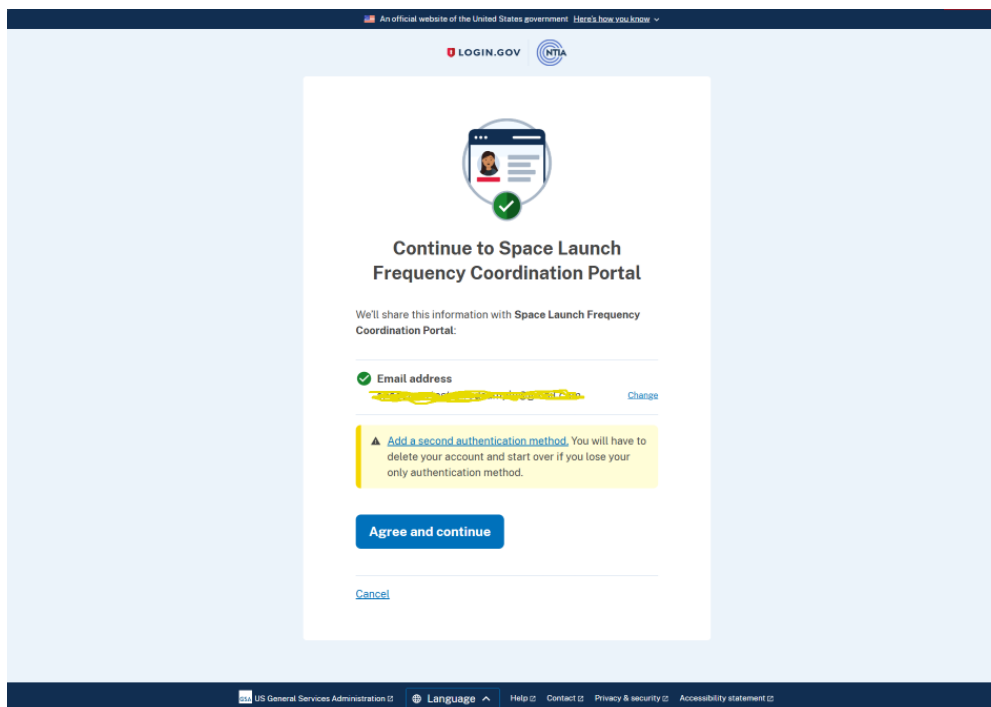

[Cancel account creation](#)

Choose the authentication/MFA of your choice

For example, when you select “Text or voice message” and add the phone number and confirm the one time code, you will see something like this:

Once you are done adding the authentication modes, Click 'skip' on the last screen and it will show a screen like this:

Click 'Agree and Continue'

You will see the 'View Request Page'/Landing page of the portal

Sample landing page upon successful Sign-up of the user.
