Space Launch Frequency Coordination Portal System Rules of Behavior

The purpose of the Space Launch Frequency Coordination Portal rules of behavior is to increase individual awareness and responsibility and to ensure that all users utilize National Telecommunications and Information Administration (NTIA) Information Technology (IT) resources in an efficient, ethical, and trustworthy manner. The Rules of behavior that are understood and followed help ensure the security of the system and the confidentiality, integrity, and availability of NTIA information. These rules apply to users at their primary workplace and at any alternative workplaces (e.g., telecommuting from home or from a satellite site). They also apply to users on official travel. All users must read and acknowledge the rules of behavior to receive access to the Space Launch Frequency Coordination Portal. Failure to abide by these rules may constitute grounds for termination of access privileges, administrative actions such as disciplinary actions, and/or criminal prosecution, if warranted. I understand that I must read and acknowledge the rules of behavior to receive access to Department of Commerce (DOC) and NTIA IT resources, and I agree to comply with all DOC and NTIA IT policies and procedures to include the following:

1. I will access the NTIA information, software, and websites for which I am authorized access and have a need-to-know, and assume only those roles and privileges for which I am authorized.
2. I will only use user ID's for which I am authorized and will not divulge my user ID. I will protect passwords and access numbers from disclosure. I will not share passwords. I will not record user IDs, passwords or access control numbers on paper or in electronic form and store them unencrypted on workstations, laptop computers, or portable electronic devices.
3. I consent to monitoring and security testing to ensure proper security procedures and appropriate usage are being observed for NTIA IT resources. I understand that I have no expectation of privacy while accessing NTIA and Department of Commerce (DOC) information or information resources.
4. I am responsible for protecting and maintaining to the best of my ability, any information used or stored in my accounts. I will safeguard information and information systems from unauthorized or inadvertent modification, disclosure, destruction, or use.
5. I understand I may not work on or store NTIA data categorized as Controlled Unclassified Information (CUI) or Personally Identifiable Information (PII) on non-US Government equipment.
6. I will know the type of information being handled and understand the measures for its protection.
7. I will understand and be proactive in the management of Federal electronic records.
8. I will cooperate with the designated personnel during investigations of incidents, compliance reviews, audits, and surveys regarding the NTIA IT systems security posture.
9. I will log off or lock my workstation or laptop, or I will use a password-protected screensaver, whenever I step away from my work area, even for a short time. I will log off when I leave for the day.

10. I will virus check all information, programs, and other files prior to uploading onto any NTIA IT resource.
11. I completed the annual Information Technology Security Awareness and Privacy Act training provided by my agency/organization or the US Department of Defense within the designated timeframes, and completed any additional required training for the specific systems to which I require access.
12. When I no longer require access to the Space Launch Frequency Coordination Portal, I will notify my Agency/Organization Responsible Officer and make no further attempt to access these resources.
13. I will report immediately to the NTIA Help Desk, (202)482-4631, all Space Launch Frequency Coordination Portal related security incidents to include the loss, theft, or compromise of system.
